A Place Where Culture and Community Thrive

Kurume City Plaza is a cultural exchange center located at the heart of Kurume City in the Fukuoka Prefecture. As a key hub for the southern region, it sits next to the Kurume Hotomeki Street shopping district. Established in April 2016, the plaza serves as a vibrant new landmark, bringing people together through arts and culture. With a wide range of events and initiatives, it provides opportunities to experience both local and international culture. The plaza also actively promotes MICE (Meetings, Incentives, Conferences, and Exhibitions), working alongside the community to showcase and cultivate Kurume's unique character and cultural appeal. Our goal is to be a welcoming space that is loved by all.

2F Every moment brings the perfect sound The Grand Hall

Designed primarily for music, this hall offers outstanding acoustics and a rich, immersive sound experience. Its four-tiered seating arrangement and spacious design enhance the depth and clarity of every performance. The hall is equipped with extensive stage facilities, including an orchestra pit and a temporary hanamichi (runway stage), making it suitable not only for classical concerts but also for operas, musicals, kabuki performances, and MICE events. With the farthest seat just 30 meters from the stage, the hall provides an intimate connection between performers and the audience. The seats, designed for comfort, feature a generous width of 54 cm, ensuring a relaxed and enjoyable experience.
